INDEPENDENT AUDITOR'S REPORT

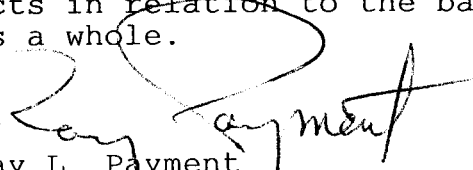

Honorable Township Board
Ford River Township Water Supply System
Delta County, Michigan

I have audited the comparative balance sheets of the Water Supply System of Ford River Township as of March 31, 2006 and 2005, and the related statements of comparative revenues and expenditures, retained earnings, and cash flows for the years then ended as listed in the table of contents. These general purpose financial statements are the responsibility of the Township management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America, Government Auditing Standards, issued by the Comptroller General. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatements. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the accompanying comparative financial statements present fairly the financial position of the Water Supply System of Ford River Township as of March 31, 2006 and 2005, and the results of their operations for the years then ended in accordance with generally accepted accounting principles applicable to governmental entities.

The financial statements referred to in the foregoing opinion are identified in the contents of this report. My examination was made primarily for the purpose of rendering an opinion on these basic financial statements taken as a whole. The supplementary financial data identified in the contents, although not considered necessary for a fair presentation of the financial position and results of operations, are presented primarily for supplemental analysis purposes. This additional information has been subjected to the audit procedures applied in the examination of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

REPORT ON COMPLIANCE AND ON INTERNAL CONTROL
OVER FINANCIAL REPORTING BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
"GOVERNMENT AUDITING STANDARDS"

Ford River Township Board
Ford River Township Water Supply System
Delta County, MI

I have audited the general purpose financial statements of Ford River Township Water Supply System as of and for the year ended March 31, 2006, and have issued my report thereon dated May 25, 2006. I conducted my audit in accordance with auditing standards accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Compliance

As part of obtaining reasonable assurance about whether Ford River Township's general purpose financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of my audit, and accordingly, I do not express such an opinion. The results of my tests disclosed no instances of noncompliance that are required to be reported under Government Auditing Standards.

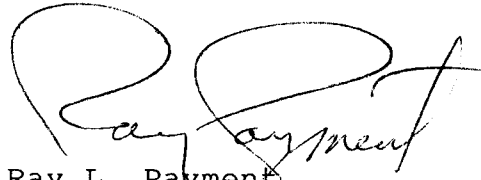

Internal Control Over Financial Reporting

In planning and performing my audit I considered Ford River Township's internal control over financial reporting in order to determine my audit procedures for the purpose of expressing my opinion on the general purpose financial statements and not to provide assurance on the internal control over financial reporting. My consideration of the internal control over financial reporting would not necessarily disclose all matter in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce

May 25, 2006

to a relatively low level the risk that misstatements in amounts that would be material in relation to the general purpose financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. I noted no matters involving the internal control over financial reporting and its operation that I consider to be material weaknesses.

This report is intended solely for the information and use of the audit committee, management, others within the organization, Township Board, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

FORD RIVER TOWNSHIP WATER SUPPLY SYSTEM
NOTES TO FINANCIAL STATEMENTS

NOTE 1 - METHOD OF ACCOUNTING

The Township Water Fund is maintained on a modified accrual basis.

NOTE 2 - PROPERTY, PLANT AND EQUIPMENT

Fixed assets consisting of water mains and equipment are carried at cost. Depreciation is calculated over the estimated useful life of the fixed assets using the straight-line method.

NOTE 3 - BUDGET

The Water System prepares its budget using the accrual basis of accounting.

NOTE 4 - DESCRIPTION OF REPORTING ENTITY

This report includes all of the funds and account groups of the Water System. It includes all activities considered by the U.S. Bureau of Census to be part of the Water System. The General and other Funds of Ford River Township have been submitted under separate cover.

The Escanaba Area School District is an independent district and not part of the Township. Financial data for it are not included in the financial statements of this report. However, audited financial statements for the School District are available upon request from its business office.

The Water System provides water services contemplated by statute or character.

NOTE 5 - CASH AND INTEREST-BEARING DEPOSITS

Deposits are carried at cost. Deposits of the Township are in two banks in the name of the Ford River Township Treasurer. Michigan Compiled laws, Section 124.91, authorizes the Township Treasurer to deposit and invest in the accounts of Federally insured banks, credit unions, and savings and loan associations; bonds, securities, and direct obligations of the United States, or any agency or instrumentality of the United States in which the principal and interest is fully guaranteed by the United States, including securities issued or guaranteed by the Governmental National Mortgage Association; United States government or Federal agency obligation repurchase agreement; banker's acceptance of the United States banks; mutual funds composed of investment vehicles which are legal for direct investment by local units of government in Michigan; and commercial paper rated by two standard rating agencies within the three highest classifications, which matures not more than 270 days after the date of purchase, and which involves no more than 50 percent of any one fund. Michigan law prohibits security in the form of collateral, surety bonds, or other forms for the deposit of public money. Attorney General's Opinion No. 6168 states that public funds may not be deposited in financial institutions located in states other than Michigan. The Township's deposits are in accordance with statutory authority.

Governmental Accounting Standards Board (GASB) Statement 3 risk disclosure for the Township's cash deposits are as follows:

<u>Deposits</u>	<u>Carrying Amount</u>
Insured (FDIC)	\$ 116 194
TOTAL DEPOSITS	\$ 116 194
